

## Our Vision Statement

At Ashbury Meadow Primary School children are at the heart of everything we do. We want our pupils to be challenged to reach their full potential and become life-long learners that have an active and positive role in our global community.

Our pupils will be resilient, inquisitive and eager to learn whilst being taught by inspirational staff in an outstanding learning environment. Within this environment all pupils and staff will feel safe, respected and supported. Their success will be recognised and celebrated. Pupils will enjoy each other's company while taking responsibility for their own actions and understanding how these affect the rights of those around them.

We will have positive relationships within our own community and work closely alongside parents and carers to ensure their children have the best start to life to become global citizens and make a wider contribution to others around them.

We aim:

1. To help children develop lively, enquiring minds with a lifelong love of learning and the ability to communicate effectively.
2. To help the children to use the knowledge and skills they are taught in a variety of practical situations both inside and outside of the classroom.
3. To develop self-awareness and encourage children to value and appreciate their own talents and the talents of others.
4. To provide varied opportunities for success, so that everyone can succeed at something and be proud of their achievements.
5. To foster respect and consideration for everyone; encourage people to work together and oppose all forms of discrimination.
6. To develop our children's understanding of the world and an awareness of their responsibility towards the environment as they start their journey to become global citizens.
7. To help children to become decent and responsible members of society, caring for and respecting each other in school, as we hope they will in later life.
8. To develop a pride in their locality and region and foster a desire to continue to explore and learn about them through different learning experiences.
